Seat 520 Wide x 470 Depth x 545 High Back

Contour Plus

The Contour Plus is a unique **24 hour chair**. It has been designed to offer superior comfort to high users of office chair seating. The moulded foam with dual padding, 'soft & firm', provides the ultimate support. The way it works is that the 'firm' foam at the front inhibits the pelvis from sliding forward into a slouching, poor posture position. The 'soft' foam at the back encourages the pelvis to sit back into the correct posture seating position.

The result? The spine is able to maintain an upright, good posture. Hence, this creates better blood flow, which leads to higher concentration and productivity. And headaches, fatigue and backaches are markedly reduced.

- Advanced dimensional adjustability to suit the body
- 3 Lever heavy duty mechanism
- Inbuilt back lumbar support
- Optional Standard or Extra Wide Seat
- Available in Medium or High Back
- With or without adjustable arms
- Optional polished aluminium or black five star base
- Optional 'Memory' seat foam for perfect body moulding
- Available in your choice of fabric
- Fully AFRDI Certified AS/NZS 4438:1997, Level 6

Dimensions: Seat 520 Wide x 465 Depth x 530 Back

Medium back
